

Commercial Load Data Sheet

Technician: _____

1805 NE 30th AVE., Bldg. 400
 Ocala, FL. 34470-4877
 Phone: (352) 351-6600
 Fax: (352) 401-6961

Electric Engineering Division

Date: _____

- NOTE:**
- **COMPLETE ALL FIELDS OR THE DATA SHEET WILL BE REJECTED.**
 - Complete a Data Sheet for each meter. Identical units may use a single sheet (e.g. apartment), but you must note the number of identical units or service panels in the "Remarks" section.
 - Large or special loads require additional time. Contact Electrical Engineering for further information.
 - All services greater than 400 amps require CT metering.
 - Metering equipment pickup requires a 24-hour notice. Call 351-6640 to arrange pickup.

Customer Name: _____
 Service Address: _____
 Mailing Address: _____
 Phone Number: _____ Fax Number: _____
 Electrical Contractor: _____ Phone number: _____
 Estimated Date permanent meter equipment needed: _____ (Month/Year - Required)

Service Entrance

Riser Diagram must be submitted with ALL Commercial Load Data Sheet(s).

Main Panel Size: _____ Amps
 Service Voltage: Volts
 Number of phases:
 Main Breaker AIC Rating: _____ Amps
 How many sets of conductor: _____
 Service Conductor Size: _____
 Service Conductor Material:
 Connected Load: _____ kW
 Running Load: _____ kW

MOTORS

Largest Motor: _____ HP Type of Starting Device: _____
 (Do not include this motor in motor list below)

LOADS

Lighting:	_____ kW	_____ Amps
A/C:	_____ Tons (Total)	_____ Total # of A/C units
Heat (Aux):	_____ kW	_____ Amps
Heat Pump:	<input type="text" value="Select"/>	
Receptacle:	_____ kW	_____ Amps
Motors:	_____ HP	_____ HP _____ HP
Tankless W/H:	_____ kW (Total)	_____ Total # of Heater
Miscellaneous:	_____ kW	_____ Amps

Remarks: _____

Form completed by: _____ Date: _____
